INTERGOVERNMENTAL REVIEW BI-MONTHLY REPORT

This Intergovernmental Review Bi-Monthly Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period 9/1/2026 through 10/31/2026. The Bi-Monthly Report consists of two types of entries, Federal Grants and Environmental Documentation.

The Federal Grant entries are provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The entries include state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. Zero Federal Grants were received during this period. The Environmental Documentation entries describe regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation entries.
